

Lumino Led Mirror

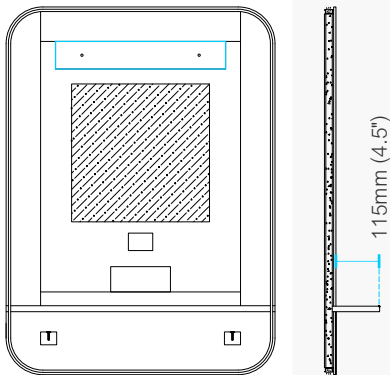

The **Lumino LED Mirror** features a convenient touch sensor on/off switch, making it ideal for shaving and makeup application. It includes an integrated acrylic LED shelf, a built-in dimmer to easily adjust the lighting, and advanced **anti-fog technology** to ensure a clear reflection, even after hot showers.

Like all KubeBath LED mirrors, the Lumino is crafted with premium-quality components for long-lasting performance. The energy-efficient LED strips have an average lifespan of **50,000 hours**, providing years of reliable, virtually maintenance-free illumination.
